TOPIC 3: FOOD WASTE

Did you know?

If global food waste were a country, it would be third largest emitter of greenhouse gases after China and the USA*.

More than 1.3 billion tonnes of food are thrown away each year. What a waste of money too!

*United Nation Food and Agriculture Organization:

DISCUSS

Consider all the ways you can reduce food waste at school and at home.

Check out some ideas here:
lovefoodhatewaste.com/what-to-do
and TED talk 'The global food waste scandal' www.tristramstuart.co.uk

ACT!

Share this video with your family and choose together how you will reduce food waste.

It could be writing a shopping list, freezing your bread, finding recipes to use your leftovers or starting to recycle your food waste!
